POWER TRACK

is an international fitness equipment giant, delivers every single piece of its product to customers with a commitment of outstanding performance and tremendous quality. Our commitment is an indispensable part of the notion of "High-Quality Fitness" that we have been fervently promoting in an effort to ensure an optimal customer experience, as a high customer retention rate.

MOTORISED TREADMILL

Because walking, jogging and running are the most instinctive forms of movement for most people, treadmills find themselves at the heart of many fitness facilities and are widely used by exercisers of all fitness levels.

ELLIPTICAL CROSS TRAINER

A good elliptical should be solid, easy to operate and feel natural to use. The elliptical cross trainer itself mimics the body's natural movements smoothly and gracefully while keeping workouts fresh and exciting with a robust offering of custom programs

MULTI FUNCTIONAL HOME GYM

You can perform a large variety of exercises, targeting your biceps, triceps, abs, chest, shoulders, back and legs, allowing you to effectively strengthen your whole body

With this multifunction fitness machine you have the opportunity to train all muscle groups effectively
